

PRODUCT IDENTIFICATION

Description
SP-0P4-7-001 is a methacrylic monomer with hexafluoropropylene oxide (HFPO) units.

Reference	Designation	CAS Number
SP-0P4-7-001	Poly-HFPO Methacrylate	Not Identified

THEORETICAL PHYSICAL / CHEMICAL PROPERTIES

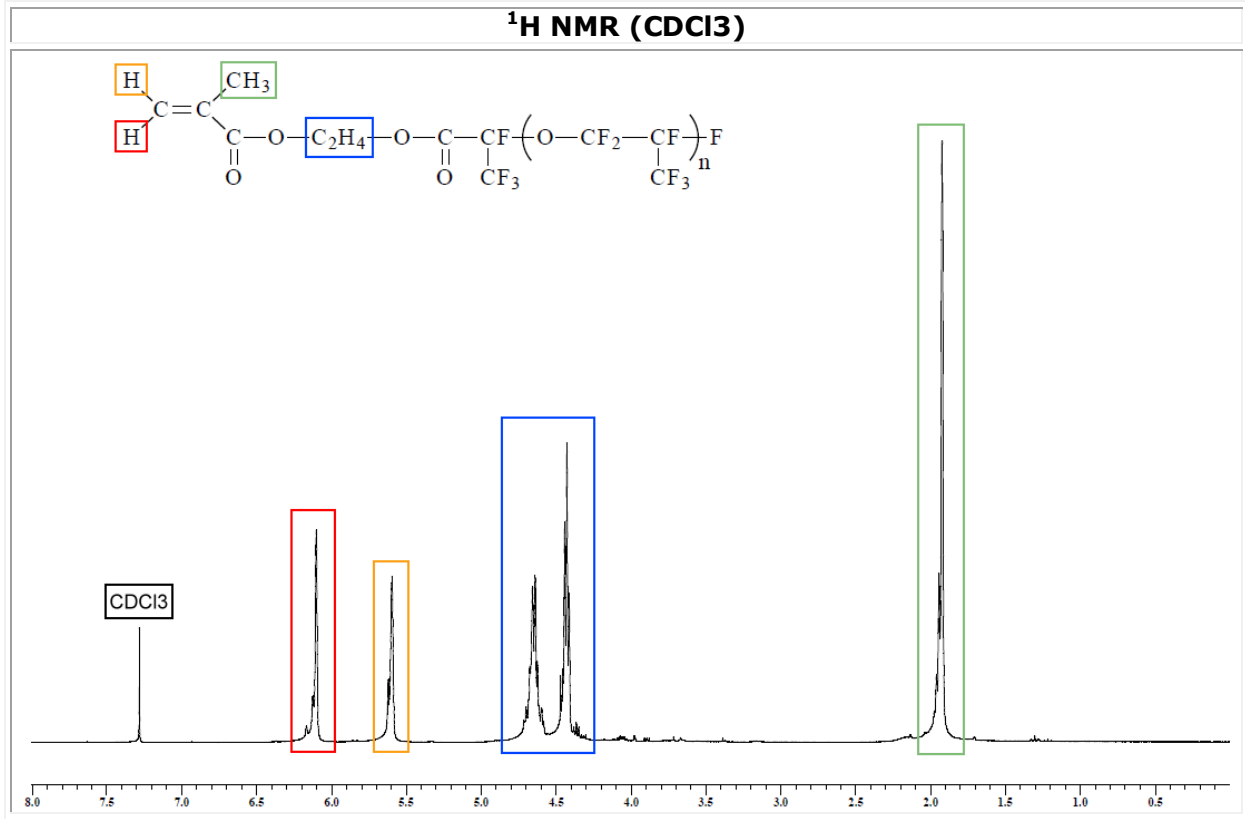

Physical Aspect	Clear Liquid
Molecular Weight (g/mol)	940
Composition	n=4

Flash Point	According our experience >90°C
--------------------	--------------------------------

Solubility in	Acetone, Chlorinated solvents, THF
----------------------	------------------------------------

NMR SPECTRA

^{19}F NMR (CDCl_3)
