

PRODUCT IDENTIFICATION

Description
SP-5P-4-003 is a statistical styrenic copolymer with azide functions.

Reference	Designation	CAS Number
SP-5P-4-003	STYRENE co STY AZIDE	1251738-19-8

THEORETICAL PHYSICAL / CHEMICAL PROPERTIES

Physical Aspect	White Powder
Composition	x=0,98 y=0,02
Molecular Weight Mn (g/mol)	5080
Molecular Weight Mw (g/mol)	5800
Polydispersity Index Ip	1,14
Functionality	1 azide function per chain

Solubility in	Chlorinated solvents, DMF, THF
----------------------	--------------------------------

NMR SPECTRA
